- **69%** learned about eco-renovation during the visit
- **77%** Had a clear idea of how they might tackle improvements to own home

The poster is for 'Eco Open Houses 2014' and features a light green background. At the top left is the 'eco open houses' logo with a green house icon. To its right is the year '2014' and the website 'ecoopenhouses.org'. The main title 'Eco Open Houses' is in large green letters, followed by the subtitle 'Visit new and renovated houses that show how to reduce your energy and water bills' in orange. Two photographs of houses are shown: one with solar panels on the roof and another with a stone facade. The dates for 'Worthing' (Sat-Sun 12-13 April) and 'Steyning' (Sunday 27 April) are listed in blue and orange respectively. At the bottom, there is a QR code, the 'GREEN OPEN HOMES' logo, and logos for funding partners including the Department of Energy & Climate Change, Interreg, and the European Union.
