

# WARNING

**Wild Parsnip & Hogweed is growing on site. These plants are photo-toxic. Avoid contact with the skin on sunny days – chemicals in the sap make the skin burn when exposed to sunshine**

**The burns are painful and take a long time to heal. On sunny days please keep to the paths and cover skin. If you touch a giant hogweed, cover the affected area and wash it with soap and water.**

**Burns can develop into phytophotodermatitis.  
If you feel unwell after contact speak to your doctor.**
